

We can arrange an MOT test for your vehicle and carry out a comprehensive 20 point, pre-MOT check on your vehicle in accordance with the MOT test. We have the facilities to rectify any faults should the car fail, from changing a light bulb (the most common MOT fail) to chassis welding.

### Internal Checks

1. Handbrake
2. Footbrake
3. Steering Wheel
4. Windscreen & Mirrors
5. Seat Belts
