

From oil changes to diesel particulate filter (DPF) removal and specialist servicing on performance cars, we have the tools, parts and expertise to service all Audi, Seat, Skoda and Volkswagen vehicles. Simply call for a quote and book your car in.

Diagnostics

We have all the latest hardware and software diagnostic tools for most makes and models and fully qualified mechanics and technicians trained how to use them. If your vehicle has a judder, running poorly, simply won't start, or a warning light comes on, we will be able to diagnose the problem quickly and efficiently.

Cam belt and water pump

We can replace cam belts and water pumps on all makes and models. Simply call for a quote.

Clutch and brakes

From replacing brake fluid to rebuilding clutches, we have the expertise to fix every problem on your vehicle.

Exhaust

We can replace virtually any exhaust from standard to custom, including main dealer parts and specialist performance suppliers like Miltek.

Suspension

Our well-stocked facilities allow us to carry out all suspension work including shocks, springs, arms and bushes, as well as more specialist requirements, such as KW suspension, Weitec, or Power Flex urethane suspension upgrades.

Tyres

We have an extensive range of tyres available for cars and 4x4 vehicles, all fitted on site. Please call for a quote any time.

Air Conditioning

We are able to service all air conditioning units and a re-gas and servicing starts from £45 + VAT.
